

## VENUE

The 2<sup>nd</sup> International Seminar will be organized in Hanover, Germany, on October 24 to 25, 2012 during the International Sheet Metal Working Technology Exhibition EuroBLECH 2012.

It takes place at the Convention Center within the fairground of the Deutsche Messe AG.

- IC Information Center
- CC Convention Center
- Meeting Rooms
- Entrance

2<sup>nd</sup> International Seminar on  
**HOT SHEET METAL FORMING  
OF HIGH-PERFORMANCE STEEL**

Formkonfekt.de | 01.12

October 24<sup>th</sup> to 25<sup>th</sup>  
EuroBLECH 2012 Hanover, Germany

## SCOPE

It has become a tradition for the Swedish-German Centre for Hot Sheet Metal Forming of High-Performance Steel **CHS<sup>2</sup>** ([www.chs2.eu](http://www.chs2.eu)) to organize its International Seminar in the course of the semi-annual International Sheet Metal Working Technology Exhibition EuroBLECH in Hanover. Through these series of seminars, a highly appreciated forum for industrially applicable technology in the field of hot stamping has been successfully established. In 2010 more than 100 participants from all over the world took the opportunity to meet the highly renowned experts at this platform and to share and exchange their knowledge and experience.

As recently announced by CHS<sup>2</sup>, the **GRUNDIG AKADEMIE** ([www.grundig-akademie.de](http://www.grundig-akademie.de)) took over the responsibility for the organization of the succeeding series of high-profile events during the **EuroBLECH 2012** ([www.euroblech.de](http://www.euroblech.de)).

**The new extended line-up of contributions will be presented in a frame of four topical modules:**

- Process Technology & Equipment,
- Materials Selection,
- Modelling & Simulation and
- Car Body Design & Parts.

Within these modules all aspects of press hardening technology, including the following below are all comprehensively addressed:

- Press Technology
- Furnace and Heating Technology
- Tools and Dies
- Cutting and Trimming
- Steels and Coatings
- Finite-Element-Simulation and Software
- Welding and Joining

Participation is possible for selected modules as well as the entire seminar. The International Seminar will take place on the 24<sup>th</sup> and 25<sup>th</sup> of October 2012 at the **Convention Centre of the Hanover Exhibition Centre** ([www.messe.de/homepage\\_e](http://www.messe.de/homepage_e)).

Exhibition Ground, Hanover

Convention Centre, Hanover

Successful chs<sup>2</sup> seminar at EuroBLECH 2010.
